

Ten Ways Elementary School Students Can Go Green

1. **Have your class start a school garden**
2. **Make sure you have a recycle bin in your classroom**
3. **Use a reusable water bottle every day in your lunchbox**
4. **Use reusable containers and utensils for your lunches instead of plastic/paper bags**
5. **Turn off the lights when you leave a room**
6. **Turn off the faucet when you are brushing your teeth**
7. **Donate your unwanted toys**
8. **When drawing, use both sides of the paper**
9. **Spend time outside and be curious about nature**
10. **Talk with your parents about all of the above**
